Mental Health Support Team Referral Form

When making a referral about a child or young person we ask that all young people aged 12 years or above provide their consent to any referral for themselves unless they are not capable of understanding this request or the content of this form.

If the child or young person is under 16 years old, the referrer will need to assess the young person's Gillick competence in relation to them providing consent. If the young person is competent then we respect their wishes to consent or not to this referral unless there is a level risk of relative harm to the child/young person or someone else.

If the child or young person cannot consent, then consent must be obtained from an authorised individual with parental responsibility for the child/young person.

PLEASE NOTE:
IF THIS FORM IS INCOMPLETE WE WILL BE UNABLE TO PROCESS THE REFERRAL

Consent

Consent (please tick the box to confirm this)

- ☐ I agree that I have gained consent from the young person or an authorised individual with parental responsibility for the child before submitting this referral form. I have informed them that their information will be shared with St Helens MHST (part of North West Boroughs Healthcare NHS Foundation Trust) and that this information will be recorded on the electronic patient record system (RiO)

- ☐ If the child is under 16 years - has the parent / carer consented to transfer of referral information to CAMHS or other partner agency if assessed as more appropriate for their needs

- ☐ If the young person is over 16 years - have they consented to transfer of referral information to CAMHS or other partnership agency if assessed as more appropriate for their needs

Declaration

Declaration

As part of providing you with direct care, the Trust may have to share your information with other partner organisations. To find out more information about this, please refer to our Privacy Policy.

By emailing this form to the Mental Health Support Team, I agree to the Trust contacting me using the details given above. I understand that the Trust will:

- Securely store the information relating to my referral (and subsequent care, where applicable) in paper and/or electronic format
- Keep the records for as long as required in the Records Management Code of Practice for Health and Social Care 2016 (or for longer if it is appropriate)
- Confidentially destroy records when necessary

Please email your completed form to
nwbh.mhst-sthelens@nhs.net

The service will aim to respond to your referral within 2 working days
